

Westravell Analytical Ltd, a Tarnovell company

ANALYTICAL AND STABILITY SERVICES

Service catalogue 2025

Westravell Analytical Ltd, a Tarnovell company, York

Document: WA-CAT-2025 Rev 01, QA approved 12/06/2025

1. ABOUT WESTRAVELLE

1.1 Westravell provides analytical chemistry and stability testing for small-molecule drug substances and products from early development to registration batches. 1.2 Work is performed in numbered protocols with batch and storage details recorded at every step.

2. ICH CHAMBER PROGRAMME

Table 1 Storage conditions

Condition	Use	Capacity
25 °C/60% RH	Long term	Walk-in chamber
30 °C/65% RH	Intermediate	Reach-in chambers
30 °C/75% RH	Zone IVb long term	Reach-in chamber
40 °C/75% RH	Accelerated	Reach-in chambers
5 °C	Refrigerated	Reach-in chambers
Photostability	ICH Q1B option 2	Cabinet

2.1 All chambers are mapped annually and monitored continuously; excursions are recorded as deviation notes.

3. STABILITY PULLS

- 3.1 Pulls within ± 7 days of the nominal date (± 14 days after 12 months)
- 3.2 Tests by protocol: appearance, assay, related substances, water, dissolution
- 3.3 Data summary issued within 15 working days of each pull

4. METHOD VALIDATION AND QUALIFICATION

- 4.1 Assay and related-substances validation to ICH Q2: specificity, linearity, range, accuracy, precision, LOQ, robustness
- 4.2 HPLC method qualification for early-phase work: reduced set agreed per protocol
- 4.3 Method transfer from client laboratories with comparative testing

5. SAMPLE REQUIREMENTS

- 5.1 Stability lots in final packaging, with batch certificate
- 5.2 Reference standards and impurity markers with certificates

- 5.3 Quantities calculated per protocol plus 10% contingency

6. REPORTING

6.1 Interim reports at agreed time points; final reports with trend tables and plots against specification. 6.2 Conclusions stay within the tested interval; shelf-life proposals are the client's decision.

7. GROUP SERVICES

7.1 Formulation support is available from Durnesswick Laboratories and DMPK from Merrivoss Bioanalysis, both Tarnovell companies. Ask your Westravell contact for a joint proposal.
